<u>Year 8 IXL – Feb/Mar 2021 schedule</u>

Please find below the schedule for the next few weeks for IXL.

You will still be aiming to complete a minimum of 2 units of work per week.

It is an excellent way of revising and going over topics you have recently learnt in class so you are encouraged to do more modules for practice, particularly during 'Lockdown'

Your Maths teacher will be able to check the work is completed each week.

It will say in brackets in which year the module can be found ie (year7)

Week beginning 22-2-21

R.6 - Create figures with a given area (year 5).

R.7 - Find the area or missing side length of a rectangle (year 5)

Week beginning 1-3-21

S.1 - Estimate metric measurements (year 7)

I.10 - Convert between decimals and fractions or mixed numbers (year 7) [revision]

Week beginning 8-3-21

AA.2 - Measure and classify angles (year 7)

AA.3 - Types of angles (year 7)

Week beginning 15-3-21

AA.17 - Central angles of circles (year 7)

Y.8 - Find a missing angle - vertical, adjacent and supplementary angles (year 6)

Week beginning 22-3-21

BB.1 – Symmetry (year 7)

AA.2 - Rotational symmetry (year 6)

I.11 - Put a mix of decimals, fractions and mixed numbers in order (year 7) [revision]

Week beginning 28-3-21

Z.4 - Classify triangles (year 6)

I.7 - Compare fractions with like and unlike denominators (year 7) [revision]
